

New SCOTT® MAX System

with SCOTT® Brand pattern

Helping your team stay efficient in reducing the risk of cross contamination

Fact

Cleaning teams are often under a lot of pressure and stretched, especially as staff absenteeism can be a regular occurrence in hospitals.

It's critical to ensure that hand towels are readily available for staff to use as they care for their patients.

Lack of product could lead to missed hand hygiene opportunities and put patients at risk of infections.

Our Solution

The new 350 m SCOTT® MAX Rolled Hand Towels and AQUARIUS* Rolled Hand Towel Dispenser with 25cm cut have been engineered to help increase dispenser servicing efficiency by minimising product run-out, therefore reducing the risk to patient safety.

The new embossed pattern on the towel includes the SCOTT® Brand logo, an instant recognition of quality.

AQUARIUS* Rolled Hand Towel Dispenser, 25cm sheet length (6989)

SCOTT® MAX Blue Rolled Hand Towel, 350m (6692)

SCOTT® MAX White Rolled Hand Towel, 350m (6691)

Efficiency without compromise

1400 sheets per roll.

The SCOTT® MAX Rolled Hand Towels are 350m long and cut at 25cm with the AQUARIUS* Rolled Hand Towel Dispenser, delivering more sheets and more hand dries than other manual rolled hand towel systems in the market¹.

- Less product run out = eliminates barriers to hand hygiene compliance
- Reduced refill events = improved time efficiency
- Reduced storage & transportation = improved space efficiency

Product Quality

through AIRFLEX* and Compression Technologies.

- Absorb water faster than conventional paper towels = effective hand drying
- Are strong when wet = dispense more easily & don't break up in users' hands = increased ease
- Have a soft textile-like feel = help care for the hands

GIO Design Award-winning system

Aesthetics, functionality and hygienic design.

- The new embossed pattern, featuring the SCOTT® Brand logo, has shown to double user preference due to perception of the quality of the towel and the hand drying experience².
- Sleek AQUARIUS* design: one wipe clean & faster cleaning times = greater hygiene & reduced servicing times
- System is up to twice as easy to use as some other competitor systems¹ = preferred by end users & helps increase hygiene
- Superior single sheet dispensing performance tabbing up to 2.5 times less often than some other rolled hand towel systems tested¹ = improved servicing efficiency & reduced cross-contamination

Product Specifications

Product	Code	Case Quantity
