# Creating atmosphere With care

*At Duni, our core business is focused on creating a good atmosphere. Reflecting this, we create stylish and convenient products, which meet the demands of today's eco-conscious customers. These show that, for us, quality, safety and environmental standards go hand in hand.*

*To ensure we always operate in the most accountable, resource-efficient way possible, we consistently explore innovative, responsibly sourced materials; work to reduce our usage of raw materials and fossil fuels; support an ethical, quality focused company culture; and take the lead in providing the most sustainable choices the market has to offer.*

**Good to know:** We consistently focus on finding responsibly sourced materials

# Made by nature Designed by Duni

*Our innovative new Pizza Box is the only one of its kind on the market today. It is made from bagasse, which is a natural by-product of sugar production. We use this material for many of our ecoecho™ products.*

*Biodegradable, compostable and robust, bagasse not only offers minimal environmental impact, it also performs impressively. If you are looking for an eco-conscious packaging material that is suitable for hot-fills, microwaves and freezers, it is the natural choice.*

**NEW!**

Sustainable design

- Made from renewable material
- Compostable
- Exclusive to Duni

ecoecho™

**Good to know:** When the box has been used it starts to decompose and, once composted, turns into soil in just 8 weeks.

“Since we launched our customised take-away box, sales of take-out lunches have increased dramatically.”

Mirko Silz, CEO Vapiano

“The 100% compostable packaging Duni made for us matches our company’s philosophy perfectly.”

David Baumgartner

Managing Director and owner Dean & David

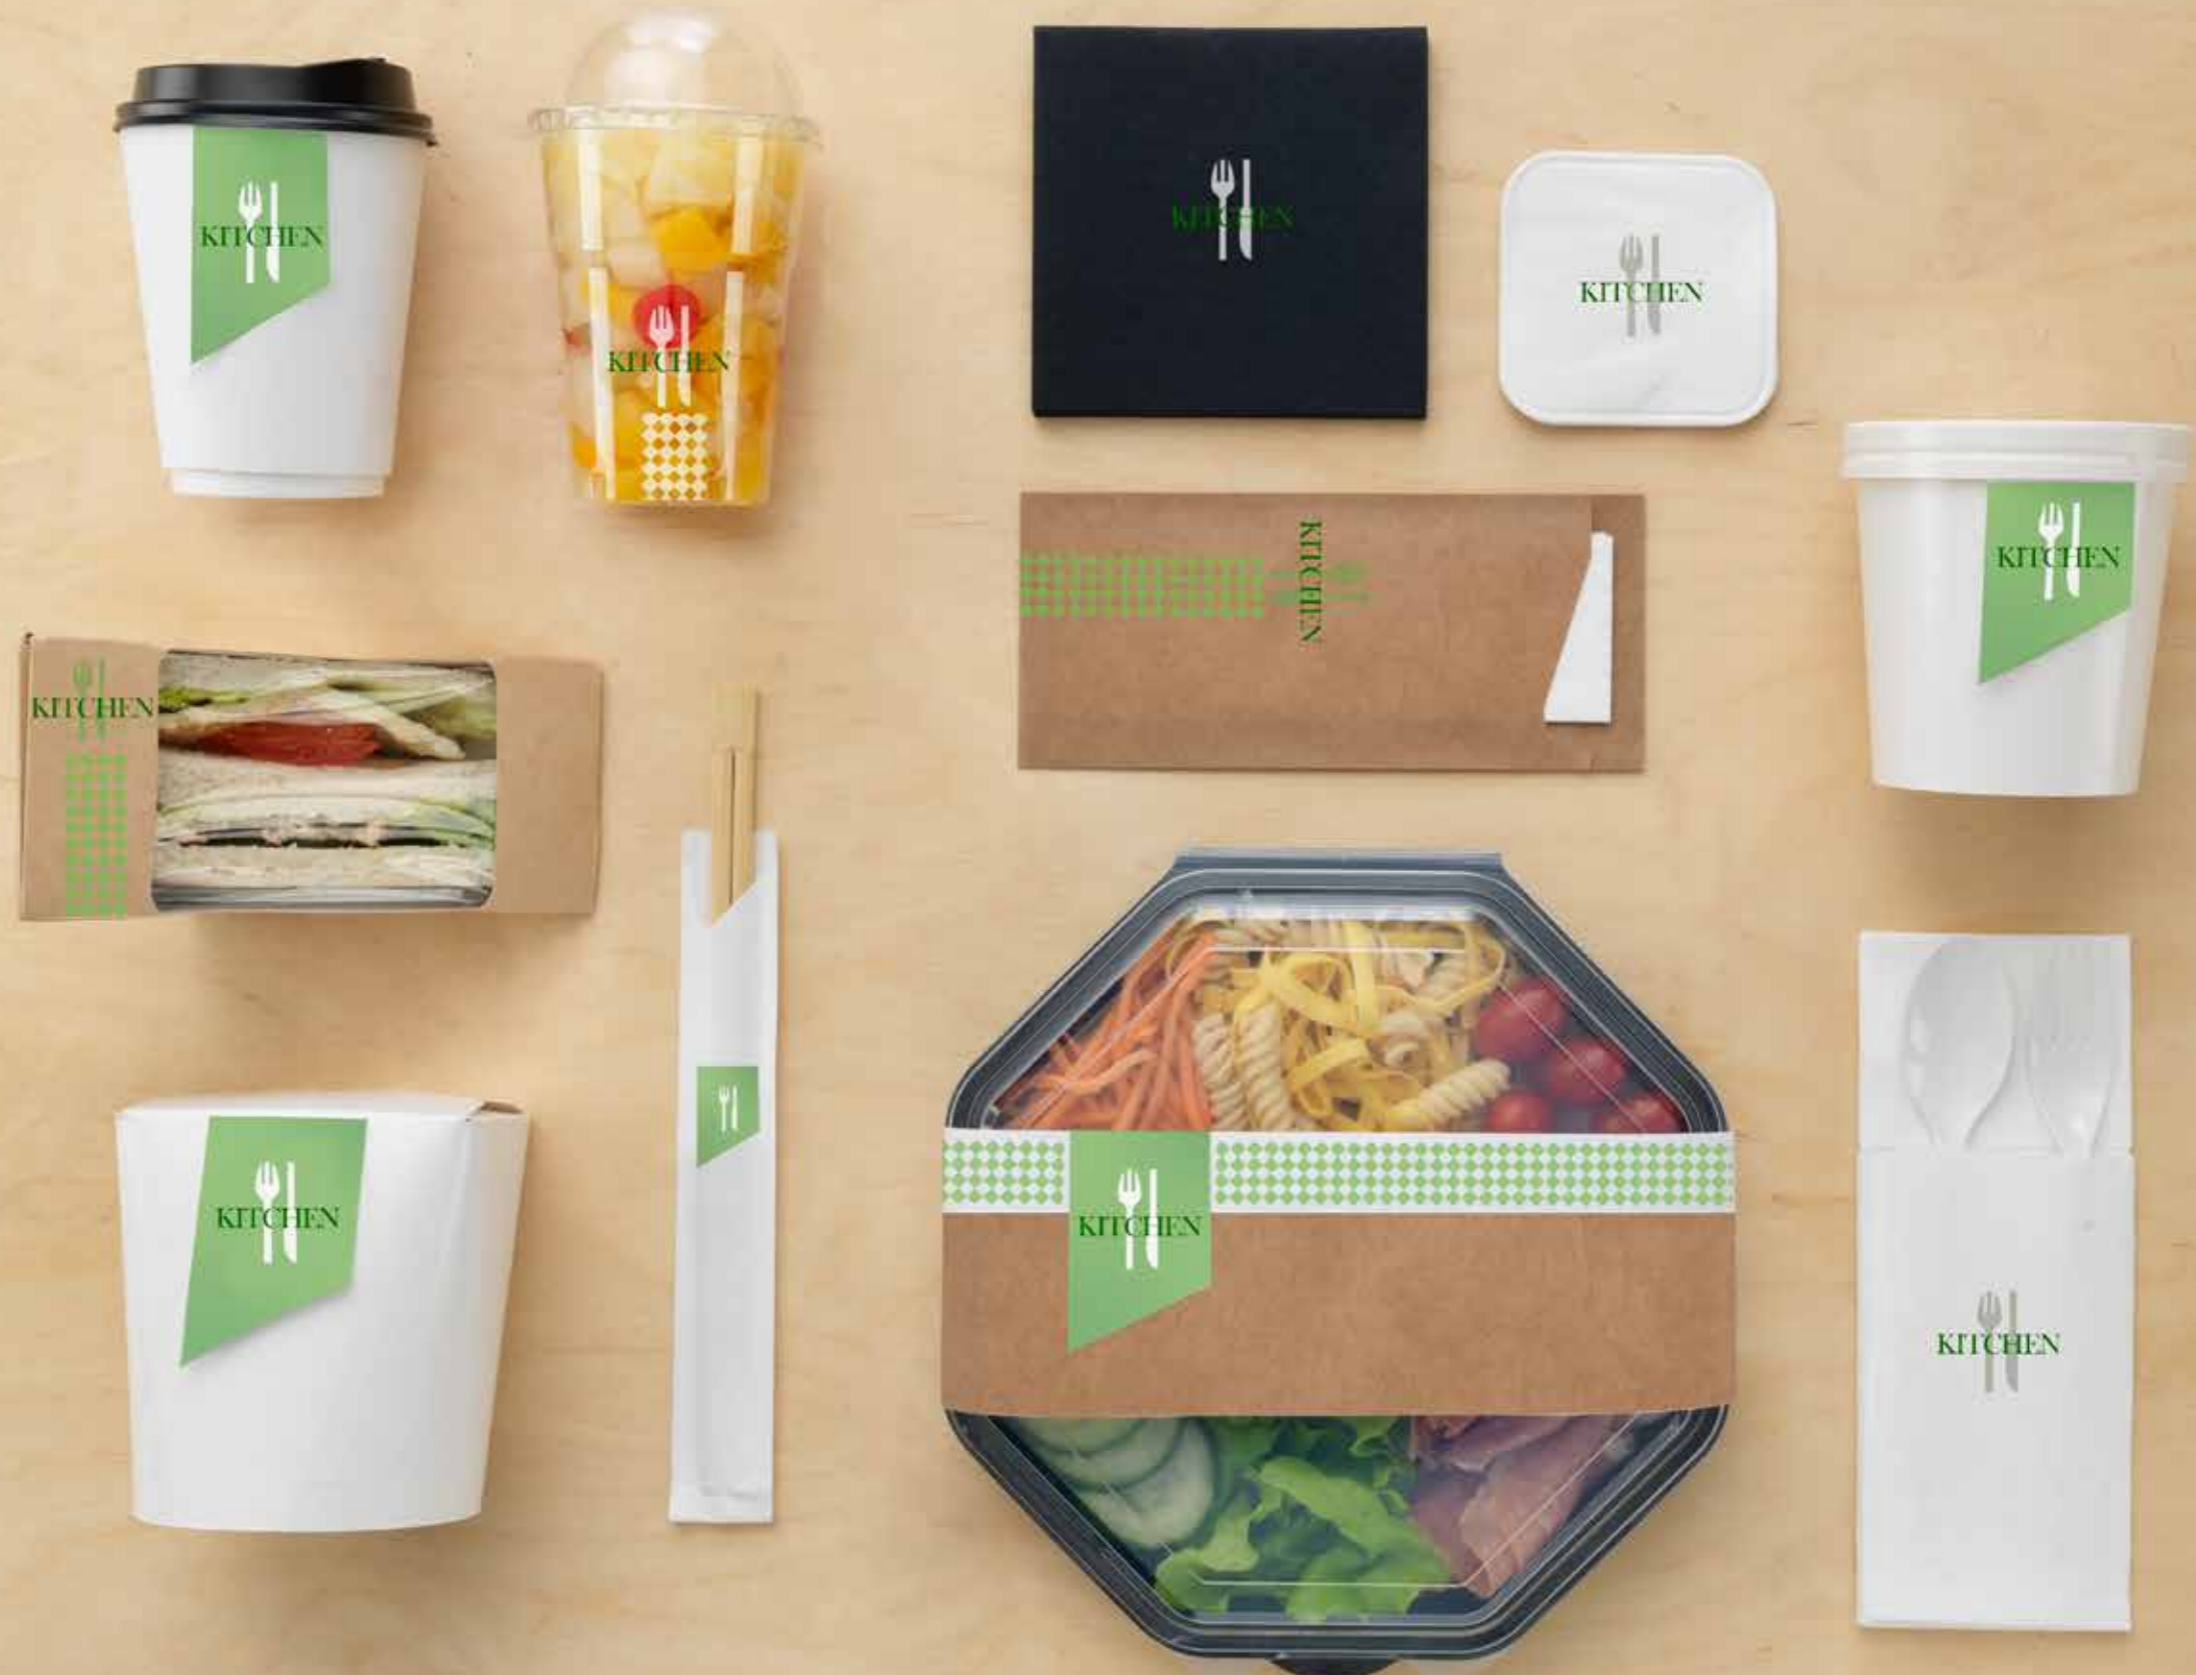

“The bagasse take-away packaging Duni created for us complies with two values that are very important to JIM BLOCK: environmental consciousness and sustainability.”

Kristin Putzke

Managing Director Jim Block

# Build your brand

We provide a complete range of branding solutions, including customised standard products, made-to-order products and profile print services. These build on your brand values and allow you to turn items, such as packaging, into cost-effective promotional tools for your business.

## Our experts make it easy

To ensure you get the ideal product(s) for your business, our experienced team offers a comprehensive end-to-end service.

### This is based on four simple steps:

- 1) Sketch first ideas
- 2) Produce a prototype
- 3) Adjust according to feedback
- 4) Organise production

To discover more about how we can boost your branding, call us on **+46 40 10 62 00**.

# Good2Go!

Looking for a slick integrated concept that offers standout style, functionality and practicality? Our IZZA concept is ideal: it combines napkins and cups – in a choice of different sizes – and a napkin holder, which go beautifully together.

**NEW!**

Exclusive design

- Three sizes
- Matching lids
- Matching napkins

**Good to know:** Our goal is to make our production 100% fossil fuel free by 2020.

industry insider...

# RICKARD CRONQUIST

Together with his brother Christian, Rickard co-owns and manages the acclaimed FINN INN restaurant and event catering business in Lund, Sweden.

**Q: Does the Duni Amuse-bouche® concept help you meet these trends?**

**A:** Definitely: the acrylic stands and the Duni Amuse-bouches® make our culinary creations look like pieces of art. Plus, the acrylic plates ensure guests try different flavours, which gets them talking. And, as the plates hold the glass and the Duni Amuse-bouches®, they have a hand free for greeting people!

**Q: Any other reasons why you use the concept?**

**A:** With Duni Amuse-bouches® I can produce hors d'œuvres during the day – when hourly rates are lowest – which we serve later in the evening. This helps to minimise costs. The concept is also very ‘transport-friendly’ too.

**Q: You also use Duni products in your restaurant. Why?**

**A:** Of course, it’s important to work with the right materials, trends and colours. And Duni products are very easy to work with too. I particularly like the way Duni napkins allow me to create an exclusive mood without having to use linen.

**Q: How do you see the business 5-10 years from now?**

**A:** I believe people will increasingly seek to entertain from home, so there will be more catering but fewer restaurant visits. How food is packaged and presented will be even more important. And finally, I think that vegetarian and organic food will continue to grow in popularity.

For the full interview visit [duni.com](http://duni.com)

“These days people want more choice and a more social experience”

“The new acrylic stands and Duni Amuse-bouches® make our creations look like pieces of art.”

**Q: How many people do you serve daily?**

**A:** Every day our restaurant looks after 250 guests. On the event side we cater to, on average, 500-600 people.

**Q: What’s your recipe for success?**

**A:** Serving food that looks and tastes delicious is essential. Room design – colours, lighting and music – and social chemistry are incredibly important too. When hiring staff I always look for a sunny attitude and strong social skills!

**Q: How has catering changed over recent years?**

**A:** In my experience, these days people want a greater choice of foods and a more social experience. That’s why, for example, tapas is so popular today. There is also trend towards entertaining from home or choosing unusual locations, such as gritty, ‘downtown’ neighbourhoods. Organic, seasonal and locally sourced food is also increasingly in-demand.

# Fits every need

Whether you wish to serve a fruit salad, strawberry smoothie or a freshly squeezed orange juice, our versatile Cold Drink Concept is ideal. It combines excellent quality and convenience, while ensuring that whatever you serve looks temptingly delicious.

**NEW!**

Cold drink concept

- Appetising presentation
- Many cup/lid options
- Versatile solution

# Classy and colourful

*Our Barbecue Concept offers a wide choice of matching high-quality plates, glasses, cups and cutlery, which are ideal for barbecue events. These not only add a sense of fun to eating outdoors, they make serving guests and tidying up effortlessly easy too.*

**NEW!**

**BBQ concept**

- Complete concept
- Heat and cold proof
- Easy to store and use

### Bagasse Salad Bowls

- Compostable bowls made out of renewable by-products
- Lids made out of recycled material

Material Bagasse: max +100°C (microwarmable)  
rPET: max +70°C

No.	Article	Description	Colour	Material	Size (mm) LxWxH	Vol (ml)	Qty/ Cart.
1	169211	Salad Bowl	Brown	Bagasse	154x154x56	600	12x40
2	169214	Lid for 169211	Transparent	rPET	170x170x35	-	12x40
3	169212	Salad Bowl	Brown	Bagasse	194x194x53	900	4x40
4	169213	Salad Bowl	Brown	Bagasse	194x194x65	1200	4x40
5	169215	Lid for 169212/169213	Transparent	rPET	212x212x37	-	8x40

### Back to nature in just 8 weeks

Biodegradable, renewable and robust, bagasse is a natural by-product of sugar production. We use it for many ecoecho™ products. Importantly, it not only offers minimal environmental impact, it also performs impressively: it is suitable for hot-fills, microwaves and freezers. Once composted, it turns to soil in just 8 weeks.

### Bagasse Pizza Box

- Compostable
- Made from renewable material
- Easy use
- Eye-catching design
- Keeps pizza warmer longer than regular carton

### Back to nature in just 8 weeks

Biodegradable, renewable and robust, bagasse is a natural by-product of sugar production. We use it for many **ecoecho™** products. Importantly, it not only offers minimal environmental impact, it also performs impressively: it is suitable for hot-fills, microwaves and freezers. Once composted it turns to soil in just 8 weeks.

### ABOUT FSC®

The Forest Stewardship Council®, FSC®, is an international organization which promotes ecologically responsible, socially responsible and economically viable use of the world's forests. Requirements include respect for the rights of indigenous people and ensuring that biologically valuable forests are managed in such a way that their natural value is preserved.

# Duniform® - The Ultimate In-House Packaging Solution

Whether you are a caterer, retailer or restaurateur, we can offer you the ideal in-house packaging solution, thanks to our unique 'one-stop-shop' Duniform® concept: with Duniform® you are guaranteed a highly cost-effective, reliable and flexible solution - tailored to your needs - which grows as your business grows.

Unlike off-the-shelf alternatives, all Duniform® products are designed to work together, ensuring optimal functionality and convenience. This means that you can work with upmost efficiency, while providing your customers with an unbeatable packaging experience.

## Transport solutions

To ensure secure handling and convenient transportation, Duniform® offers:

- Thermo bags and boxes
- Temperature control equipment
- Trolleys

## Service and support

Duniform® guarantees end-to-end support:

- Expert help in identifying the ideal solution
- Extensive network of local approved service partners
- Support line for the lifetime of the solution

## Sealing machines

Duniform® machines are innovative, durable and safe:

- Full range for low or high output
- Manual, semi- and fully automatic designs
- Vacuum or MAP\* functionalities

## Trays

Duniform® provides a comprehensive choice of stylish, sealable trays:

- FSC®-certified cardboard
- PP
- CPET
- APET

## Sealing films

Duniform® offers a full range of attractive, functional and printable films:

- PP films
- PET films
- Universal films

## \*Why MAP (Modified Atmosphere Packaging) makes sense:

- Significantly prolongs shelf-life
- Relies on a blend of natural gases
- Products that could not previously be offered can be retailed

### Cardboard/PE Trays

- No sealing film needed
- Suitable for both hot and cold food
- FSC®-certified cardboard
- Clear window

Material Cardboard/PE: ±0°C to +100°C  
Temp (Time) +100°C (15min), +70°C (2h)

# Duniform®

## DF10

- Small & compact
- Easy and fast

### General Information

Article number	700080
Machine weight	13 kg
Cassette weight	0,5 kg
Electrical data	230 V~, AC 50 Hz 10 A
Maximum power consumption	0,7 kW
Lengths of cable / connection plug	2,5 m / 1-phase grounded
Pressing force	930 N
Capacity	8 cycles/min
Start-up heating time	15 min

### Trays/Film/Sealing

Maximum sealable tray dimension	265 x 175 x 100 mm (>¼ GN)
Maximum film width	185 mm
Sealing temperature	max 210°C
Sealing technique	Manual

### Accessories

Spike Roll DF10	155198
Trolley	887120

## DF15

- Seals sizes up to 1/2 GN
- Easy & fast

### General Information

Article number	163140
Machine weight	25 kg
Cassette weight	2,5 kg
Electrical data	230 V~, AC 50 Hz 10 A
Maximum power consumption	1,0 kW
Lengths of cable / connection plug	2,5 m / 1-phase grounded
Pressing force	930 N
Capacity	8 cycles/min
Start-up heating time	20 min

### Trays/Film/Sealing

Maximum sealable tray dimension	325 x 265 x 100 mm (1/2 GN)
Maximum film width	272 mm
Sealing temperature	max 210°C
Sealing technique	Manual

### Accessories

Adapter for DF20/10 Cassettes	141549
Spike Roll DF15	166799
Trolley	887100

## DF20

- Semi-automatic
- Light and robust
- Digital display

### General Information

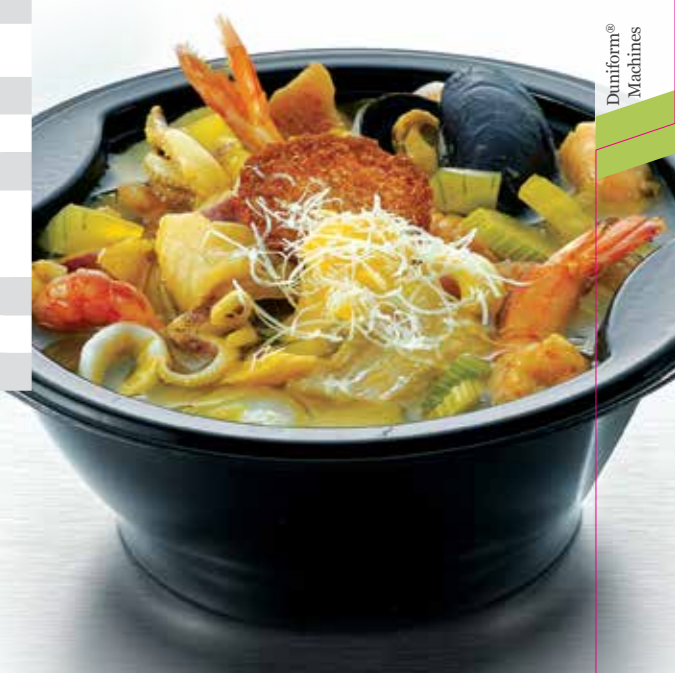

Article number	700095
Machine weight	20 kg
Cassette weight	0,5 kg
Electrical data	230 V~, AC 50 Hz 10 A
Maximum power consumption	0,75 kW
Lengths of cable / connection plug	2,5 m / 1-phase grounded
Pressing force	1003 N
Capacity	10 cycles/min
Start-up heating time	15 min

### Trays/Film/Sealing

Maximum sealable tray dimension	265 x 175 x 70 mm (>1/4 GN)
Maximum film width	185 mm
Sealing temperature	max 190°C
Sealing technique	Semi-automatic

### Accessories

Cassette Rack DF20	102014
Spike Roll DF20	102903
Trolley	887120

## DF25

- Seals sizes up to 1/2 GN
- Robust
- Semi-automatic

### General Information

Article number	700090
Machine weight	43 kg
Cassette weight	2,5 kg
Electrical data	230 V~, AC 50 Hz 10 A
Maximum power consumption	1 kW
Lengths of cable / connection plug	2 – 3 m / 1-phase grounded
Pressing force	1003 N
Capacity	10 cycles/min
Start-up heating time	20 min

### Trays/Film/Sealing

Maximum sealable tray dimension	325 x 265 x 100 mm (1/2 GN)
Maximum film width	272 mm
Sealing temperature	max 190°C
Sealing technique	Semi-automatic

### Accessories

Adapter for DF20/10 Cassettes	141549
Spike Roll DF25	108824
Trolley	887100

## DF22/22F

- Small & compact
- Semi-automatic
- Figure cutting available

### General Information

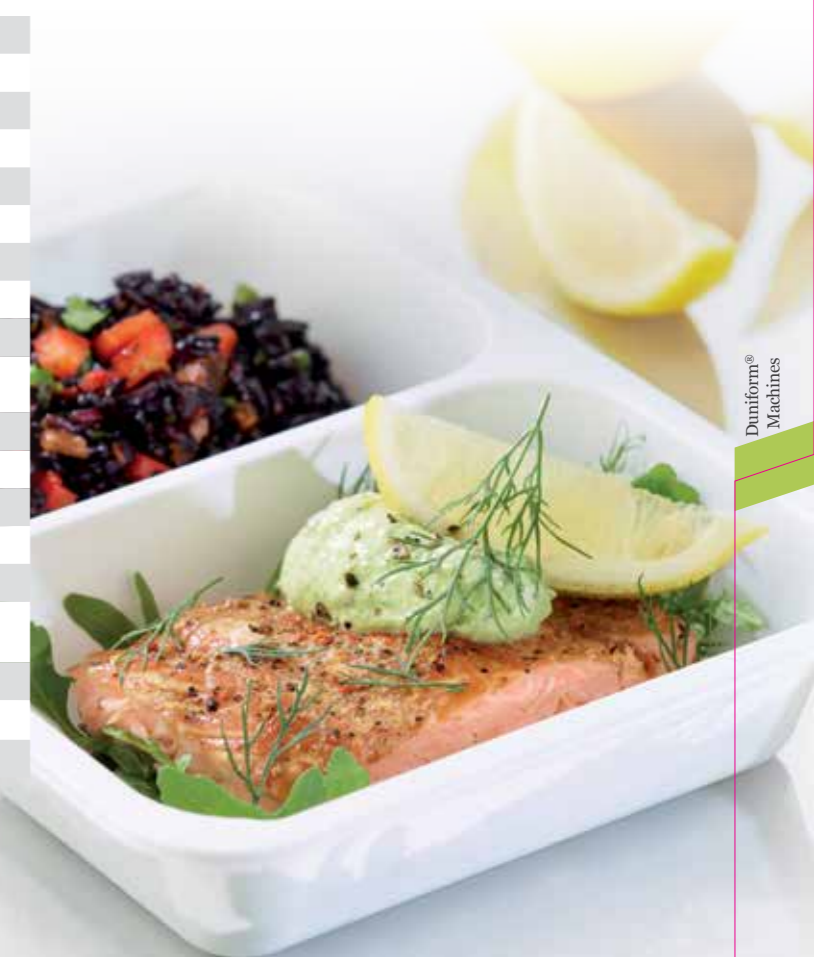

Article number	163141/164795
Machine weight	30 kg
Cassette weight	1 kg
Electrical data	230 V~, AC 50 Hz 10 A
Maximum power consumption	0,8 kW
Lengths of cable / connection plug	2,0 m / 1-phase grounded
Pressing force	1400 N
Capacity	2 – 4 cycles/min
Start-up heating time	10 min

### Trays/Film/Sealing

Maximum sealable tray dimension	230 x 280 x 100 mm (>1/4 GN)
Maximum film width	240 mm
Sealing temperature	max 210°C
Sealing technique	Semi-automatic
Figure cutting	Yes (164795)

### Accessories

Spike Roll DF22/22F	168744
Trolley	887100
Trolley	161965

## DF32/32F

- Seals sizes larger than 1/2 GN
- Small & compact
- Figure cutting available

### General Information

Article number	160900/159788
Machine weight	approx. 40 kg
Cassette weight	2 – 3 kg
Electrical data	1/N/PE 230 V~, AC 50/60 Hz
Maximum power consumption	1,8 kW
Lengths of cable / connection plug	2 m / 1-phase grounded
Pressing force	2000 N
Capacity	2 – 4 cycles/min
Start-up heating time	10 min

### Trays/Film/Sealing

Maximum sealable tray dimension	380 x 280 x 100 mm (>1/2 GN)
Maximum film width	390 mm
Sealing temperature	max 200°C
Sealing technique	Semi-automatic
Figure cutting	Yes (159788)

### Accessories

Spike Roll DF32/32F	164020
Trolley	887120
Trolley	161965

## DF36

- Compact & robust
- Figure cutting
- Programmable cycles
- MAP

### General Information

Article number	191000
Machine weight	approx. 100 kg
Cassette weight	3 – 4 kg
Electrical data	1/N/PE 230 V~, AC – 50/60 Hz
Maximum power consumption	2,5 kW
Lengths of cable / connection plug	1,5 m / 1-phased grounded
Pressing force	2000 N
Capacity	2 with MAP, 2 – 6 without MAP
Start-up heating time	10 min

### Trays/Film/Sealing

Maximum sealable tray dimension	360 x 270 x 100 mm (>1/2 GN)
Maximum film width	390 mm
Sealing temperature	max 200°C
Sealing technique	Semi-automatic
MAP - Modified Atmosphere Packaging	Yes
Vacuum chambers	1
Figure cutting	Yes

### Accessories

Spike Roll DF36	164020
Vacuum Pump 20 m³/h	166472
Trolley	887120
Trolley	161965

## DF44

- MAP
- Robust
- Automatic film winding
- Figure cutting

### General Information

Article number	160901
Machine weight	approx. 190 kg
Cassette weight	4 – 6 kg
Electrical data	3/N/PE 400 V~, AC- 50/60 Hz
Maximum power consumption	4,3 kW
Lengths of cable / connection plug	- / 3-phase
Pressing force	7000 N
Capacity	3 with MAP, 2 – 6 without MAP
Start-up heating time	20 min

### Trays/Film/Sealing

Maximum sealable tray dimension	430 x 315 x 95 mm (>1/2 GN)
Maximum film width	470 mm
Sealing temperature	max 200°C
Sealing technique	Semi-automatic
MAP - Modified Atmosphere Packaging	Yes
Vacuum chambers	1
Figure cutting	Yes

### Accessories

Spike Roll DF44	164020
Compressor	152556
High Oxygene Vacuum Pump 40 m³/h	166473
High Oxygene Vacuum Pump 60 m³/h	166474
Food Filter DF44	168631

## DF46

- Fully automatic
- MAP
- Film winding
- Figure cutting

### General Information

Article number	163142
Machine weight	approx. 550 kg
Cassette weight	3 – 5 kg
Electrical data	400 V~, AC- 50/60 Hz
Maximum power consumption	6,3 kW
Lengths of cable / connection plug	- / 3-phase grounded
Pressing force	-
Capacity	2 – 4 with MAP, 5– 8 without MAP
Start-up heating time	10 min

### Trays/Film/Sealing

Maximum sealable tray dimension	360 x 270 x 100 mm (>1/2 GN)
Maximum film width	446 mm
Sealing temperature	max 200°C
Sealing technique	Automatic
MAP - Modified Atmosphere Packaging	Yes
Vacuum chambers	1
Figure cutting	Yes

### Accessories

Spike Roll DF46	167331
High Oxygene Vacuum Pump 40 m³/h	166473
Food Filter DF46	168632
Tray Rails (for two cavities)	164723

### Thermo Bags

- Maintains food temperature
- Can be loaded from the side or from the top
- Can be connected on top of each other with buckles

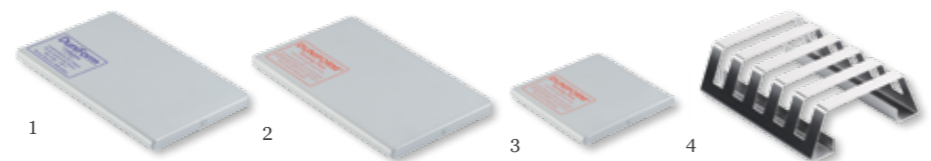

No.	Article	Description	Comp	Benefits	Size (mm) LxWxH	Qty/ Cart.
1	163086	Thermo Bag	1	2 ¼ GN Tray	290x200x100	5x1
2	163085	Thermo Bag	1	Economy 5 ¼ GN Tray	275x200x240	5x1
3	163087	Thermo Bag	1	5 ¼ GN Tray	275x200x240	5x1
4	163088	Thermo Bag	1	Medium	310x240x260	5x1
5	163089	Thermo Bag	1	Large	420x200x260	5x1

### Temperature Control Equipment

- For improved temperature control
- Fits into thermo bag lids

No.	Article	Description	Size (mm) LxWxH	Qty/ Cart.
1	149403	Cooling Plate ¼ GN	164x265x15,5	5x1
2	153490	Heating Plate ¼ GN	164x265x15,5	5x1
3	157530	Small Heating Plate	155x155x15,5	5x1
4	160542	Stand for Heating Plate	180x145x52	1x1

### Thermo Boxes

- Maintains food temperature
- Washable for easy cleaning

No.	Article	Comp	Description	Material	Benefits	Size (mm) LxWxH	Qty/ Cart.
1	161169	1	Thermo Box	EPP	¼ GN	660x400x300	1x1

3	113500	3	Thermo Box	EPP	Single Portion	400x325x110	6x1
4	751500	3	Thermo Box	EPP	Single Portion	460x325x115	5x1
5	New 164669	1	Thermo Box	EPP	Single Portion	325x255x327	1x1
6	752103	1	Thermo Box	EPS	¼ GN	730x435x350	1x1
7	753103	2	Thermo Box	EPS	2x163087	550x450x340	1x1

### Trolleys

No.	Article	Description	Size (mm) LxWxH	Qty/ Cart.
1	887100	Trolley Stand	900x650x670	1x1
2	161965	Trolley	600x600x800	1x1
3	887120	Trolley Stand	600x400x800	1x1

# Materials guide

Different materials suit different needs. This guide will help you to make the right choice for your business.

Symbol	Name	Temperature*	Raw material	Other
	CPET	-40°C to +220°C	Refined oil or natural gas	
	PP	-20°C to +120°C	Refined oil or natural gas	
	PS-MW	-4°C to +100°C	Refined oil or natural gas	
	PS/EPS	-4°C to +70°C	Refined oil or natural gas	
	PLA	-4°C to +40°C	Plant Starch	Renewable, compostable (EN 13432)
	CPLA	-4°C to +40°C	Plant Starch	Renewable, compostable (EN 13432)
	APET	-40°C to +70°C	Refined oil or natural gas	
	rPET	-40°C to +70°C	Up to 80 % recycled PET, min 20 % refined oil or natural gas	Up to 80 % recycled material
